

PINDARIE

Barossa Valley

2024 The Stonecutter Sangiovese

Grape Varieties: 100 % Sangiovese

Region of Production: Barossa Valley (Single Vineyard, Estate Grown)

Winemaking Notes:

We have grown Sangiovese since 2001 (and made it into delicious rosé and an essential part of our T.S.S. blend), but this is our new varietal 'red' bottling to be drunk like a white wine, only it's red!

Knowing our vineyard and fruit as we do, we knew that it was perfect for a light-bodied, early-drinking chill-able style.

Harvested when just ripe but at a point that would ensure a wine of low-ish alcohol content, it was crushed and fermented on skins like every red wine, but pressed relatively early to ensure that it is approachable – a big, rich, tannic wine was not the aim! It was matured for only 6 months in some of our older French oak barrels before being bottled... so it proudly showcases the variety's youthful exuberance and charm.

Picking Season: Feb 2024

How to serve: don't over-think it, just chill it and enjoy it!

Alcohol: 13%

Sugar Residual: 0.2 g/l

T.A. (Acidity): 5.7 g/l

Tasting Note:

Sangiovese is renowned for its bright colour, and when it's good, the aromas and flavours are similarly bright and attractive. It has a beautiful cherry-red hue, and fresh, intense cherry aroma. Fragrant and juicy, with distinctive floral notes, it's simply delicious. It shows a touch of the variety's classic savoury tannins, but our careful approach has toned them down to a supporting role.

Food Pairing:

We love it with arancini, salumi, or even grilled sardines served with garlic and spinach or asparagus. But great on its own with friends.
