FOURTH GEN. VIGNERONS

BISCAY ROAD

2025 BISCAY ROAD

G.S.M

(Grenache / Shiraz / Mataro)

Planted in 1981, the iconic Biscay Road Vineyard is one of only a few in the Barossa where the soil is unique, the cracking clay Biscay soils provide ideal vine growing conditions for red varietals.

Biscay Road Vineyard grows Shiraz, Cabernet Sauvignon, Grenache and Mataro across 64 acres on the edge of Tanunda and Bethany. It also supplies grapes to some of the most well-known wineries in the Barossa.

VINTAGE CONDITIONS

The 2025 vintage was exceptionally early, marked by dry conditions, warmer temperatures and widespread spring frost. Limited rainfall accelerated ripening, producing small berries and loose bunches with impressive concentration.

Harvest began in early February, with most vineyards picked by late March. Yields were variable, generally 80–90% of normal, while Shiraz and Grenache showed excellent fruit purity, structure and vibrancy.

TASTING NOTE

A refined expression of the classic Barossa GSM, bringing Grenache, Shiraz and Mataro together in harmony. Grenache leads with red cherry, raspberry and delicate florals, while Shiraz adds dark plum, blackberry and subtle spice. Mataro contributes savoury complexity, dried herbs and earthy spice.

The palate is layered and refined, moving from vibrant red fruits into deeper savoury flavours. Fine-grained tannins provide structure, balanced by natural acidity for freshness and definition. Rich yet restrained, the blend finishes long and persistent, with lingering red fruit, spice and subtle savoury complexity.

FOOD MATCHING

Pair with slow-roasted lamb shoulder, chargrilled beef, or smoky barbecue pork, while roasted vegetables and aged cheeses make excellent alternatives.

WINEMAKING

Each variety was fermented separately, with Shiraz first, fully destemmed and cool-fermented for two weeks. Grenache followed with 20% whole bunches, while Mataro was fully destemmed. All were combined and matured in seasoned demi-muids for 16 months.

TECHNICAL DATA

Winemaker: Dan Graham

Varietal: Grenache 40% / Shiraz 40% / Mataro 20%

Region: Barossa Valley

Alc: 14.0%, **pH:** 3.61, **TA:** 5.90 g/L

Harvest Date: April 2025
